Welcome to the Murder Mystery Quiz. Are you ready to solve the case?

THE RULES: You will get one point for each right answer. You can also take a risk and select the double +2/-1 or triple +3/-2 option. But be careful, wrong answer will take your points away. You will get also four (+4) extra points if you answer correctly to all the three key questions. The winner is the team that gets the most points in total. In a tie situation the closest right answer to the tie-breaker determines the winner.
